Enclosed condominium with caretaker

This concept has been carefully studied to envelop you in nature, bringing you well-being, relaxation and tranquility. Apartment of contemporary architecture with access to and enjoyment of common areas such as a SPA, swimming pool, playground and vegetable garden, surrounded by greenery, fruit trees, different species that will flourish throughout the year to the delight of young and old alike. The initial concept was based on the principles of Biophilia, the art of inviting nature into our living spaces.

Perhaps no other neighborhood in Lisbon can so enchantingly blend the old and the contemporary as the Graça neighborhood. Nowadays, it still retains the traditional aspect of Lisbon, but it is also located in a fresh and creative environment, attracting an increasingly cosmopolitan audience.

You will find in the photos some projections when the vegetation has grown
